# Registry Contract

- Very nearly there!!
  - Hope to have the contract signed this week
- Contract delays largely due to UKEG hibernation
  - Work on codes of conduct, accreditation documents went into deep freeze
  - UKEG's heavy lifting done by those directly involved in RFP process
    - Obvious conflicts of interest and bandwidth issues

# And the winner is...

- Nominet
- Detailed roll-out plan by end November
- Tentative launch of commercial operations May 2008

# UKEC Bootstrap

- AGM pencilled in for Dec 13th
  - Might be too ambitious
- Still to finalise a roadmap:
  - Transition to a membership-based organisation
  - Raising awareness
  - Outreach
  - Governance models (by-laws, etc.)
  - Launch event
